CS1660 Cloud Data Storage Homework

1. Screenshot of your AWS Account with IAM

Add user

1 2 3 4 5

Success

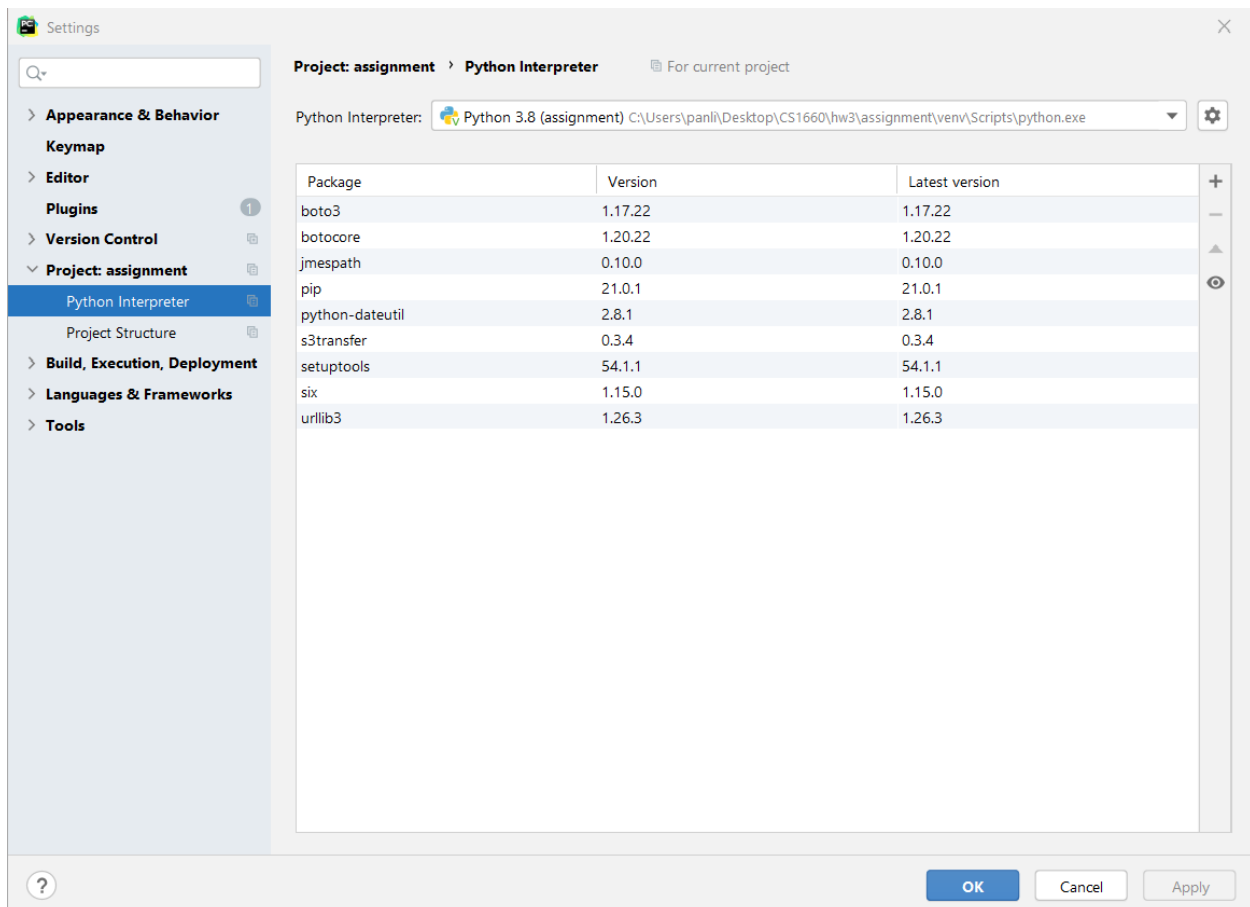

You successfully created the users shown below. You can view and download user security credentials. You can also email users instructions for signing in to the AWS Management Console. This is the last time these credentials will be available to download. However, you can create new credentials at any time.

Users with AWS Management Console access can sign-in at: <https://045768579582.signin.aws.amazon.com/console>

Download .csv

	User	Access key ID	Secret access key	Email login instructions
▶	✓ panliu314	AKIAQVKAFDH7FOXFIPIHA	***** Show	Send email

2. Screenshot showing you installed Amazon Python Boto3 SDK

3. Screenshot of the query you use on your local machine to pull the data from your AWS NoSQL DB

```
# query used on local machine to pull the data from AWS NoSQL DB
response = table.get_item(Key={'PartitionKey': 'experiment2', 'RowKey': '2'})
item = response['Item']
print(item)
```

4. Screenshot of the results of your query to the newly constructed table
